Chaperone's Name: _____

Thank you for being a chaperone! Your first priority is your assigned student group. These students need your full attention and you are responsible for their safety and for ensuring they have an enjoyable, engaging, learning experience. We strongly recommend that you not bring younger siblings along and that you refrain from using your mobile phone during your visit. It is required that you stay with your group at all times. Undisciplined or unchaperoned students may cause the entire group to be expelled from the Zoo.

We require one adult chaperone for every 10 students. Teachers and chaperones will be held responsible for student conduct. Any behavior that endangers the safety of our animals, staff or other visitors will result in your group being expelled from our facility.

On busy days, the Zoo uses multiple parking areas and two separate entrances.. Make sure you can contact your teacher in case you are separated from your group. Also, remember to dress for the weather and for lots of walking.

At the Zoo, **first aid** is available at our Guest Services office. Lost Children are taken to our Guest Services Offices as well. Lost and Found is located at the Information Booth near the Carousel.
